Some of you may recognize Mary! She has worked for the Dept. of Health and Human Services since 1991. Following a few years of working in Teller County (Woodland Park), she has served in Chaffee County for the past 12 years. Mary's interest in working with children and families has led to a natural transition to her new positions at FYI. She has three children, and her son, Colt, volunteers with Youth-In-Action. So when you get a call from Mary, join us in welcoming her to the FYI Family!
