Notes from Eleanor and Heather

Dear Mentoring Community,
Heather submitted her resignation as she is moving to St. Louis to pursue her passion of life coaching. Her last official day will be April 30th. You may have noticed the ad in the paper includes running Youth In Action half-time. I am handing over YIA at the end of this school year so that I can focus on supporting more of the big picture of mentoring. We hope to have our new staff join us early April so we can introduce him/her at the Mentor Appreciation Lunch on Saturday, April 10th! Thanks for your patience and support through this transition,
Eleanor Fahrney, Program Manager

 *"Parting is such sweet sorrow"* 

My dear Mentor family and friends,
It has been such a blessing to work and play with you all. "How full is your well?" is a Cherokee morning greeting. I would have to answer that, because of each of you, my well is overflowing! The memories that I will carry with me as I head off on my next adventure will continue to make me smile for the rest of my life! I have no doubt of this. Thank you for your trust, patience, humor, playful spirit and great big hearts. You are one FUN bunch! I will be telling friends, family and strangers about this amazing group of folks who have so deeply touched me and helped me grow into a better person. I will miss you all. I still have some time here, and I know we will laugh the whole rest of the way together! Big hugs and best wishes for the future,
Heather Barron, Program Coordinator

THANK YOU, PATIO PANCAKE!

**We appreciate your donation
of a penny a pancake
(and more!) from
January 15 - February 15!**
